WE TRANSFORM LIVES

We believe mobility and independence are basic human rights.

Our Mission

Project MEND is committed to improving the quality of life for individuals living with disabilities and illness through the refurbishment, reuse and distribution of medical equipment and other assistive technology.

Our Vision

Believing that mobility and independence are basic human rights, Project MEND promotes the health and self-sufficiency of people living with disabilities or life-altering illness by providing innovative solutions that assist in overcoming obstacles and barriers.

Our Impact

For 30 years, Project MEND has provided medical equipment for the community's most vulnerable people. Founded in 1992, Project MEND helps thousands of individuals in need acquire the right tools to overcome or better manage a disability.

We are excited to host our 2nd Annual Let's Roll 5K to benefit Project MEND.
